RE: Submittal of the MAG 2020 Eight-Hour Ozone Plan-Submittal of Marginal Area Requirements for the Maricopa Nonattainment Area

Dear Mr. Busterud:

The Arizona Department of Environmental Quality (ADEQ) adopts and submits to the U.S. Environmental Protection Agency (EPA) the enclosed MAG 2020 Eight-Hour Ozone Plan-Submittal of Marginal Area Requirements for the Maricopa Nonattainment Area, as a revision to the Arizona State Implementation Plan (SIP). ADEQ makes this submission pursuant to Arizona Revised Statutes (A.R.S.) §§ 49-104, 49-106, 49-404, 49-406, and the Code of Federal Regulations (CFR) Title 40, Part 51.

This SIP revision has been prepared in accordance with Section 182(a) of the Clean Air Act. On June 4, 2018, the Environmental Protection Agency designated the Maricopa nonattainment area as a Marginal Area for the 2015 eight-hour ozone standard of 0.070 parts per million, effective August 3, 2018. The plan addresses requirements for a Marginal nonattainment area, such as an Emissions Statement, Baseline Emissions Inventory, Periodic Emissions Inventory, New Source Review, and Transportation Conformity.

ADEQ requests that the EPA review and approve this SIP revision into Arizona's SIP. If you have any questions, please contact Matthew Poppen, Maricopa Association of Governments, at 602-254-6300 or mpoppen@azmag.gov.

Sincerely,

Daniel Czecholinski, Director
Air Quality Division
